Electricity Usage Details

Electricity Supply Address: 5 Belmont Villas, Dublin, Dublin 4

Description	Meter No	Date	Previous Reading	Date	Interim Reading	Date	Present Reading	Multiplier	Usage
24hr	00052941	10/02/2015	12191 (E)			05/03/2015	12526 (A)	1.0	335

(A) Actual Meter Reading (E) Estimated Meter Reading (C) Customer Meter Reading

Electricity used this period has increased by 1,993.8%

Difference in electricity usage is +319 units this year compared to the same period last year (last year amount estimated).
For further information on your consumption, visit [My SSE Airtricity](http://MySSEAirtricity), your [SSE Airtricity Online Account](http://SSEAirtricityOnlineAccount) at sseairtricity.com.

Meter Readings

Every energy customer has a consumption pattern based on previous usage. All estimates are based on this historical pattern of consumption. If at any stage you are not satisfied with an estimated reading, you can submit an actual meter reading and we will incorporate this into the calculation of your next bill.

Your electricity meter was last read on 15/12/2014. If you would like to submit a meter reading, please visit www.sseairtricity.com or call 1850 40 40 70*.

SSE Airtricity - Ireland's Greener Home Energy Provider

SSE Airtricity Fuel Mix Disclosure: January 2013 to December 2013

Electricity supplied has been sourced from the following fuels:	% total	
	Electricity Supplied by SSE Airtricity	Average for All Island Market (for comparison)
Renewable	50.4%	30.2%
Coal	21.6%	18.4%
Gas	19.3%	44.1%
Peat	7.6%	6.5%
Other	1.1%	0.8%
Total	100%	100%
Environmental Impact		
CO ₂ Emissions	.386t/MWh	.452t/MWh

SSE Airtricity is Ireland's greener home energy provider and the country's largest green energy generator. Half of the electricity we supply is generated from renewable energy. In 2013, the equivalent of more than 300,000* homes on the island were powered by the green energy generated by SSE Airtricity, significantly abating harmful Carbon Dioxide (CO₂) emissions on the island by around 725,000* tonnes. For more see SSEAirtricity.com *Equivalent homes powered and CO₂ abated calculations based on performance in 2013 of SSE Airtricity wind farms in Ireland.

Carbon Tax

The Government introduced a Carbon Tax in 2010. This tax is charged on consumption of natural gas and if you are a gas customer this will be shown separately on your bill. This does not apply to electricity bills. For further information on Carbon Tax see www.revenue.ie.

Ways to Pay

Direct Debit, Debit/Credit Card, Standing Order, Bank Draft, Postal Order, Payzone, Paypoint, Post Office, Cheque. For a full list of payment options, visit the Paying Your Bill section of our Help Centre on www.sseairtricity.com

Overdue Accounts

If you are having difficulties paying your bills, please contact us immediately and in confidence at 1850 40 40 70* to organise a suitable arrangement.

Public Service Obligation Levy (PSO Levy)

The public service obligation levy relates to the purchase by ESB of the output of certain peat generated electricity, in the interests of security of supply, and the output of certain generating stations using renewable, sustainable or alternative forms of energy, in the interests of environmental protection, in accordance with a Public Service Obligations Order made pursuant to the Electricity Regulation Act 1999.

SSE Airtricity Complaints Process

If you have a complaint, please call our Customer Service team on 1850 40 40 70*. If your complaint has not been resolved to your satisfaction, you may ask to speak with the Customer Service Supervisor. If you are still not satisfied, you may contact the Commission for Energy Regulation at: Energy Customers Team, Commission for Energy Regulation, P.O. Box 11934, Dublin 24. Tel: 1890 404 404 Email: energycustomers@cer.ie. For further details on our complaints process, see our Code of Practice on Complaint Handling at www.sseairtricity.com

*Charged at LoCall rate. Rates from landline and mobile companies may vary, so please check with your operator.
